

CHARTER OF VALUES

1. FOUNDING PRINCIPLES

Those who work in and for the Foundation provide their time and talents for others, for the community they belong to or for the entire humanity. They work in a free and free way by promoting creative and effective responses to the needs of the recipients of their action or contributing to the realization of common goods.

The given work is aimed, in particular, to social solidarity for the preservation and protection of human health.

Principally this work supports children suffering from leukemia and / or by other diseases or by physical discomfort, mental and social or developmental and learning disorders, with the aim of improving the patients' healing ability through the co-reference therapies by carrying out social and health activities.

Those who work in and for the Foundation also pursues secondarily scientific research and training purposes for the exclusive benefit of the disadvantaged.

2. THE ETHICS COMMITTEE

To cover the values of the Foundation, and in cooperation with the governing bodies of the same, an Ethics Committee was constituted made up of volunteer professionals of whom shall be members of law the Scientific Committee members.

In particular the members will work to safeguard the founding principles established to protect the disadvantaged groups such as children with illnesses, hardships, diseases both mental and physical, in the spirit of the Founder.

With regard to scientific research and education, the Ethics Committee collaborates in planning a reasoned cultural activities aimed at the full realization of the aims of the Foundation.

3. VALUES

Solidarity: to be united in facing the problems of life, sharing ideas and actions.

Health: man defense in its entirety and essence, in a holistic view.

Integrity: to operate fairly, according to conscience and honesty, with the sole purpose of the common good.

Culture: only spreading and deepening the culture frees man from the chains of ignorance and dependence.
